Did you know that a “Near Miss” should be reported at FIU? Near Misses are events that could have resulted in an injury, a fall or illness, but fortunately, didn’t end that way. A near miss can be as simple as tripping on an uneven pavement or losing balance on high-traffic walk surfaces that become slippery. Reporting of Near Misses encourages proactivity by facilitating awareness and communication of a potential issue or injury for others. It allows individuals to contribute to their own safety and the safety of their peers by being a part of the solution.

To report a Near Miss, email safe@fiu.edu or call 305-FIU-SAFE.
